SUMMARY

I enjoy detail-oriented front-end web development, prioritizing users and accessibility and am seeking to incorporate these focuses into a career that seamlessly blends UX/UI and front-end web development.

TECHNICAL SKILLS

HTML, CSS, JavaScript, jQuery, CSS frameworks, Node.js, APIs, MySQL, Python, Excel, Word processing

PROJECTS

Maestro

<https://github.com/mayastucky/gt-project-2>
<https://secure-shelf-55938.herokuapp.com/>

Maestro is an application designed to connect distance-learners with educators across the country.

Responsibilities:

Worked primarily on front-end development and implementation of Handlebars.

Tools:

Node.js, MySQL, Sequelize, Express, Express Handlebars, Heroku

Entertain Me

<https://github.com/mayastucky/gt-project-1>
<https://mayastucky.github.io/gt-project-1/>

Entertain Me is an application that utilizes the BoredAPI and the YouTubeAPI. It randomly generates an activity based on the category the user chooses and, based on that activity, pulls up YouTube videos corresponding to that activity.

Responsibilities:

Worked on front-end development, UI, and mobile responsiveness.

Tools:

HTML, CSS, APIs, Bootstrap, Ajax

EXPERIENCE

Bryn Mawr College, Bryn Mawr, PA — *Teaching Assistant*

January 2018 - January 2020

- Mentored 30 undergraduate students in Python coding language and its applications by assisting them in and out of class.
- Stimulated critical thinking skills, creative problem-solving skills with in-class problems and examples.
- Lead class and conducted class discussions.
- Held office hours and assisted students in other STEM related courses.

Museum of Contemporary Art, Jacksonville, Jacksonville, FL — *Curatorial Intern*

June 2019 - August 2019

- Developed hundreds of physical and computerized records of the Permanent Collection including artist files, object data, and exhibition history alongside the Curatorial department and Registrar.
